PLAN APPLICATION REQUIREMENTS AND GUIDELINES ARE AS FOLLOWS:

1. It is the owner's responsibility to determine all easements and setbacks that exist upon their property. No construction should occur within these easements.
2. If construction is not completed within 6 months from approval an extension will need to be obtained provided no changes have been made to the original design. If changes have been made to the original design, the plan review application will have to be resubmitted. Only one (1) extension not to exceed 6 months will be considered.
3. The Architectural Control Committee has 30 days from final submittal of plans and permits to approve the plans and authorize commencement of construction. **IT IS YOUR RESPONSIBILITY TO ENSURE THE PLANS HAVE BEEN RECEIVED.**
4. All Spring Forest Estates maintenance assessments must be current.
5. All improvements, modifications, and alterations require ACC approval. This application covers all improvements **OTHER THAN NEW CONSTRUCTION, ROOM ADDITIONS AND MAJOR RENOVATIONS.** This includes but is not limited to fences, porches, storage buildings, decks, patios, and change of house colors.
6. All approvals are subject to the Architectural Control Committee guidelines and the restrictions of Spring Forest Estates (Deed Restrictions).

RESIDENTIAL PLAN STANDARDS

All plans and specifications should be drawn in a professional manner. An architect or designer is not required but recommended for generally better design results. Our plan standards are as follows:

1. **FLOOR PLANS** – A plot plan to show the dimensions and location of the house, patios, balconies, garages, curb cuts, driveways, septic tank drain fields (if any), walks, fences and structures at each level. The plan should clearly show all improvements in relation to house and all lot lines.
2. **ELEVATIONS** – An elevation of each side (4) is required to indicate exterior materials, floor, and slab heights and roof slopes where applicable. AN architectural scale (1/4" = 1 ft. 0") is desired.
3. **SPECIFICATIONS** – List all specifications relating to design, structural framing, and quality of exterior materials, colors, textures and shape. If the original paint color scheme is changed, two (2) paint samples of each color are required.
4. **BASIS OF APPROVAL** – Approval of plans and specifications shall be based, among other things, on adequacy of site dimensions, structural design, and conformity to both the specific and general intent of the restrictions.

All plans will be reviewed in a timely manner and returned to the name and address on the Plan Review Application.

Questions pertaining to these standards may be directed to Magnolia Property Management at 281-599-0098.
